Display Course Recommendation

Basic Course:
The user clicks display course recommendation button.
The system accesses the Master Course List and the
Degree Completion Requirements databases. The system
then displays the Recommended Class List page based on
what the user currently requires.

Alternative Courses:
User not logged in: The system displays a message explaining
to the user that they are not logged in. The system then
redirects the user to the LionPath login page.

User does not have a major declared: The system displays a
list of general education courses.
